<u>00053000.</u>	<u>ETF GOVERNING BOARDS' MEETING MATERIALS - OPEN AND CLOSED SES:</u>	<u>P</u>	<u>PERM</u>	<u>Y</u>
------------------	---	----------	-------------	----------

Original electronic records of the proceedings of the Board meetings held by the various governing boards of the Department of Employee Trust Funds (DETF). Current boards include: Employee Trust Funds (ETF) Board, Wisconsin Retirement (WR) Board, Teachers Retirement (TR) Board, Group Insurance Board, Deferred Compensation (DC) Board, and the Joint Meeting (JM) of the Boards. Current Committees of the ETF Board include: Executive Committee, Audit Committee and Budget and Operations Committee. Records include, but are not limited to: agendas, minutes, discussion memos/materials, committee reports, actuarial reports, operational update memos, statistical reports, educational topics/handouts, audit reports and benefit lists.

Electronic versions of Board materials are being declared the "official" record and since 2001 are stored on the ETF LAN by Board and then by date. PDF records of the Board materials from 1911 through 2000 are stored in ETF's Knowledge Management System and DVD sets are at the Wisconsin Historical Society.

Paper versions were previously maintained permanently but it is ETF's intention to only keep the electronic version and destroy the paper. This is the same for the microfiche for the 1911-1981 records previously scheduled in RDA#00053B. Closed session materials were mixed with regular session meeting materials during this timeframe and thus these years will be designated as confidential.

Retention Justification: Electronic records are kept permanently as the Governing Boards set all program policies and these materials are the history of the Wisconsin Retirement System and Benefit Programs offered to State and Local government employees and are frequently referenced by current Boards in making or changing policies.

EVENT = Permanent

Records include, but are not limited to: agendas, minutes, discussion memos/materials, committee reports, actuarial reports, operational update memos, statistical reports, educational topics/handouts, audit reports & benefit lists.

Electronic and paper records of Board meeting materials from 2001 through 2015. All meeting materials will be reviewed to ensure the electronic record is complete and in the future this will be amended to designate the electronic versions as the official permanent record and the paper records will be destroyed. These meeting materials are available on ETF's website and do not contain any personally identifiable or confidential information.

Original Board materials are maintained by the Board Liaison and after four or five years the paper reference set is sent to the department library.

Retention Justification: All materials are kept permanently as the Governing Boards set all program policies and these materials are the history of the Wisconsin Retirement System and Benefit Programs offered to State and Local government employees and are frequently referenced by current Boards in making or changing policies.

Note: The electronic records for these years are being reviewed to ensure they are complete before destroying the paper and the RDA will be amended at that time.

Original electronic versions of the closed session proceedings of the various Board meetings held by the various governing boards of the Department of Employee Trust Funds (DETF). Current boards include: Employee Trust Funds (ETF) Board, Wisconsin Retirement (WR) Board, Teachers Retirement (TR) Board, Group Insurance Board, and the Deferred Compensation (DC) Board. Current Committees of the ETF Board include: Executive Committee, Audit Committee and Budget and Operations Committee. Records include, but are not limited to: agendas, minutes, discussion memos/materials, committee reports, and appeals. Electronic versions since 2002 are stored on the ETF LAN by board and then by date.

Closed sessions are only held for the following reasons: quasi-judicial deliberations; to discuss employment, promotion compensation or performance evaluation data of any public employee over which the governmental body has jurisdiction or exercises responsibility; to deliberate or negotiate the investing of public funds; or to conduct other specified public business, whenever competitive or bargaining reasons require a closed session or to confer with legal counsel for the governmental body concerning strategy to be adopted with respect to litigation in which it is or is likely to become involved. Some of these records are also kept in other records within the agency covered by other RDAs. For example, appeals are covered by RDA00102; personnel transactions are kept by HR and are covered by the HR GRS (General Records Schedule); and procurement documents are kept by the Budget Office and are covered by the Purchasing GRS.

Original materials of all closed sessions materials are maintained by the Board Liaison for approximately four years and then are sent to the State Records Center. The closed session materials are confidential.

Paper versions were previously maintained permanently but it is ETF's intention to only keep the electronic version permanently going forward and destroy the paper after it has been kept by the Board Liaison as noted above.

THE DOMESTIC PARTNERS SYSTEM IS A DB2 WEB APPLICATION WHICH ALLOWS DATA ENTRY AND INQUIRY INFORMATION RELATED TO DOMESTIC PARTNERS WHO HAVE FILED AFFIDAVITS WITH ETF AND ARE ELIGIBLE UNDER CHAPTER 40 FOR BENEFITS, HEALTH INSURANCE, AND LIFE INSURANCE COVERAGE. THIS SYSTEM WAS BUILT AS A RESULT OF WISCONSIN ACT 28, WHICH MADE CHANGES TO CHAPTER 40 WHICH ALLOWS DOMESTIC PARTNERS TO RECEIVE THESE BENEFITS.

THE DOMESTIC PARTNERS SYSTEM ALLOWS USERS TO PERFORM TWO TYPES OF INQUIRY SEARCHES TO HELP DETERMINE WHERE EITHER PARTNER EXISTS WITHIN ETF: (1) A SEARCH OF THE DOMESTIC PARTNER TABLE; (2) A GLOBAL SEARCH WHICH INCLUDES THE DOMESTIC PARTNER TABLE, HICS (HEALTH INSURANCE SYSTEM), WEBS (WIS. EMPLOYEE BENEFIT SYSTEM) AND BPS (BENEFIT PAYMENT SYSTEM).

AN INVENTORY OF THESE APPLICATIONS IS NOT INCLUDED IN THIS RDA, BECAUSE THE FOCUS OF THE RDA IS ON THE FILES THAT ARE KEPT (AND HOW LONG THEY ARE KEPT), NOT ON THE APPLICATIONS THAT USE OR CREAT THEM.

JAVA APPLICATIONS - RETAIN ALL VERSIONS

MAINFRAME COMPONENTS:

JCL AND COBOL PROGRAMS ARE MANAGED BY CHANGEMAN. CHANGEMAN MAINTAINS 999 CHANGES OF EACH JCL OR PROGRAM CHANGE.

THE CODE IS ALWAYS AVAILABLE, AND ETF HAS THE HISTORY OF WHAT THE CODE WAS AT ANY POINT IN TIME. CODE IS CHECKED IN AND OUT AND IS TAGGED WITH A RELEASE IDENTIFIER. SHOULD THERE BE A NEED, ETF CAN IDENTIFY THROUGH THE USE OF THE RELEASE IDENTIFIER WHAT THE "SOURCE CODE" WAS AT A GIVEN POINT OF TIME. SINCE THE CODE IS NEVER THROWN AWAY, THE LOSS PREVENTION THREAT IS MINIMAL.

THIS COMPONENT ALLOWS EMPLOYERS TO ENTER EMPLOYEE TRANSACTIONS (ENROLLMENTS, TERMINATIONS, CORRECTIONS, ETC.) WHICH WILL BE USED BY NIGHTLY BATCH PROCESSORS TO UPDATE INDIVIDUAL PARTICIPANT ACCOUNTS.

A. THIS COMPONENT INSERTS ROWS TO TBL_INTERNET_TRANS WITH AN EMPLOYEE TRANSACTION TYPE (BETWEEN P000 AND P089). DURING NIGHTLY BATCH PROCESSING, JOB TR161 ODC UNLOADS THE ROWS FROM THIS TABLE AND MERGES THEM WITH OTHER TRANSACTIONS FOR PROCESSING. ALL TRANSACTIONS ARE SAVED ON A YEAR SPECIFIC BACKUP FILE, SUCH AS ETFWEBS.PTRANS.Y2013.BKUP(+1) FOR 7 YEARS. CERTAIN JOBS SELECT CERTAIN TRANSACTION TYPES AND USE THEIR SPECIFIC PROGRAMS TO UPDATE PARTICIPANT ACCOUNTS.

FOR EXAMPLE:

JOB TR161P15 USES PROGRAM TR631P36 TO UPDATE ALL TERMINATION RELATED TRANSACTIONS TO PARTICIPATE ACCOUNTS. JOB TR161P16 USES PROGRAM TR631P17 TO UPDATE ALL CORRECTION RELATED TRANSACTIONS TO PARTICIPATE ACCOUNTS. JOB TR161P17 USES PROGRAM TR631P05 TO UPDATE ANNUAL DETAIL WITHOUT EARNINGS TRANSACTIONS TO PARTICIPATE ACCOUNTS. JOB TR161P18 USES PROGRAM TR631P06 TO UPDATE ANNUAL DETAIL WITH EARNINGS TRANSACTIONS TO PARTICIPATE ACCOUNTS. JOB TR161P19 USES PROGRAM TR631P32 TO UPDATE ALL ENROLLMENT RELATED TRANSACTIONS TO PARTICIPATE ACCOUNTS. JOB TR161P20 USES PROGRAM TR631P30 TO UPDATE ALL INDICATIVE DATA CHANGES RELATED TRANSACTIONS TO PARTICIPANT ACCOUNTS.

PRIOR TO 2011, THESE FILES WERE KEPT AS GENERATION DATA GROUPS FOR 2 YEARS. NOW THE FINAL BACKUP FILE IS KEPT 7 YEARS.

APPLICATIONS, JCLS AND PROGRAMS (JAVA AND COBOL) ACCESS THESE GENERATION DATA GROUP FILES TO USE THEM AS INPUT, AND THEY ALSO CREATE NEW GENERATIONS OF THESE DATASETS.

RETAINED FOR 7 YEARS AND DESTROYED CONFIDENTIAL.

CALLSS HAS THE ABILITY TO LINK TO OTHER APPLICATIONS.

1. WHILE IN A CALLSS SCREEN WITH MEMBER/PARTICIPANT/ANNUITANT'S INFORMATION ON THE SCREEN, THE NON-ANNUITANTS LINK OPENS UP THE FRED VERSION OF THE MEMBER/PARTICIPANT/ANNUITANTS' PAL ACCOUNT.
2. WHILE IN AN EMPTY CALLSS SCREEN, THE NON-ANNUITANTS LINK OPENS UP THE FRED VERSION OF THE PAL ACCOUNT SEARCH.
3. WHILE IN A CALLSS SCREEN WITH MEMBER/PARTICIPANT/ANNUITANT'S INFORMATION ON THE SCREEN OR WITH AN EMPTY CALLSS SCREEN, THE BPS LINK OPENS TO THE LOGIN SCREEN OF BPS. IF ALREADY LOGGED INTO BPS, THE LINK OPENS TO THE BPS MAIN "WELCOME TO BPS" SCREEN.
4. WHILE IN A CALLSS SCREEN WITH MEMBER/PARTICIPANT/ANNUITANT'S INFORMATION ON THE SCREEN OR WITH AN EMPTY CALLSS SCREEN, THE MYETF BENEFITS LINK OPENS TO THE MYETF BENEFITS ADMIN HOME PAGE.
5. WHILE IN A CALLSS SCREEN WITH MEMBER/PARTICIPANT/ANNUITANT'S INFORMATION ON THE SCREEN THE WORKFLOW SEARCH LINK OPENS THE IMAGING/WORKFLOW SYSTEM DISPLAYING THE WORKFLOW STATUS FOR THAT MEMBER/PARTICIPANT/ANNUITANT.
6. WHILE IN AN EMPTY CALLSS SCREEN, THE WORKFLOW SEARCH LINK OPENS TO THE IMAGING/WORKFLOW SYSTEM WORK FLOW STATUS SEARCH.
7. WHILE LOGGED INTO CALLSS, THE FRED LINK OPENS UP TO THE FRED HOME PAGE.

STEP 2000:

1. SERVICE REQUESTS UPDATE THE MEMBER/PARTICIPANT/ANNUITATN'S FOLDER CONTENT IN STEP 2000.
2. MAJORITY OF THE SERVICE REQUESTS (IF CODED AS A JOB) ALSO POPULATE VARIOUS WORKBASKETS IN STEP 2000 FOR ETF STAFF. FOR EXAMPLE, IF A B151 RETIREMENT ESTIMATE REQUEST IS DOCUMENTED IN CALLSS, THAT SERVICE REQUEST IS SAVED TO THE MEMBER/PARTICIPANT/ANNUITANT'S FOLDER CONTENT IN STEP 2000 AND HTE JOB IS POPULATED IN THE RETIREMENT ESTIMATE WORKBASKET THE NEXT DAY. JOBS ARE POPULATED TO WORKBASKETS GENERALLY OVERNIGHT.

RETENTION: RETAIN UNTIL SUPERSEDED OR OBSOLETE AND DESTROY.

	Inputs include data keyed into BCS from Ombudsperson Inquiry Intake Sheets (ET-2420) and related documents gathered while researching a member inquiry. Documents could include health plan information, documents, insurance contracts or administrative code citations.			
	These inquiries are informal and do not proceed to a complaint or departmental determination. The paper documents once entered are considered a non-record and are retained for six months as reference or as follow up if a subsequent inquiry on the same subject from the same member comes up again and destroyed confidential. Just the data in the system is kept as the record.			
	Inputs also include Formal Ombudsperson Health Insurance Complaints and Departmental Determinations filed by Wisconsin Retirement System members. Documents could include health plan or third-party administrator grievance decision letters, member correspondence and consultant reviews. Both the Ombudsperson Closure letters and the Departmental Determinations provide subsequent rights to a Board Appeal reviewed by the Group Insurance Board.			
	These paper files are kept by the ombudsperson for one year after claimant appeal rights expire and then are prepared for imaging. All medical and personal health information is removed and destroyed confidential and the remaining items are imaged into the member's account. Items imaged may include, but are not limited to: Complaint Summary (ET-2405, ET-2406), member correspondence to the Department or Health Plan, Health Plan Grievance Decision letter, Independent Review (ET-2424), ETF Ombudsperson Complaint Closure letter, Departmental Determination letter and worksheets. The imaged documents are retained according to RDA #00087.			
	Any complaints or departmental determinations that become appeals are covered by RDA #00102, Appeal & Legal Proceeding Documents which are retained by legal staff.

legislation affecting ETF programs and contain information that cannot be found anywhere else.

These files are filed by the bill number (ex: AB__ or SB__ or Wis. Act __ and includes joint resolutions, etc. which are numbered AJR__ or SJR__). The files contain memos; letters; fiscal estimates; hand written notes; spreadsheets; Joint Survey Committee notes and analysis; the bill as introduced or amended; memos by other agencies, such as the Department of Justice; etc.

These files will be kept permanently in the agency Knowledge Management System due to the ongoing research needs and business needs of the agency when it comes to legislation affecting our programs. These records were identified during an agency review as records that needed to be captured electronically and saved due to their historical reference for agency policy and legal staff.

A new RDA is needed as ETF is developing a new benefit administration system that will be replacing multiple legacy systems. Records are now created and stored in a different manner than our legacy systems and business units have different retention needs with the new system.

Participant Records

This record series consists of documents imaged into the system for each member who participates in the Wisconsin Retirement System (WRS) and/or in the benefit programs administered by the Department of Employee Trust Funds (ETF). The types of documents received includes, but are not limited to, the following:

- a. Employer submitted forms relating to enrollment and participation in the WRS.
- b. Insurance forms including those from ETF third party administrators (TPAs) relating to insurance coverage and claims in which the member has enrolled in.
- c. Beneficiary Designation forms filed by the member, including those on Teacher Affidavits.
- d. Legal correspondence and documents.
- e. Qualified Domestic Relation Orders (QDRO) filed with ETF on ETF and/or court forms for dividing retirement accounts as part of a divorce action.
- f. Member's benefit process related records including estimates, benefit applications, and Long Term Disability Insurance applications.
- g. Miscellaneous correspondence, documents, and/or forms that do not relate to the other categories identified.
- h. Numerous forms and documents related to updating or changing payments to members which includes, but are not limited to, tax withholding changes; and annuitant income changes and requests.
- i. Benefit termination records.
- j. Indicative Data related records.

These records are maintained per ETF's business needs and are required for documenting member enrollment, eligibility and benefit payment rights to programs administered by the department.

Employer Records

This record series consists of documents imaged into the system for each employer who participates in the Wisconsin Retirement System (WRS) and may also participate in the benefit programs administered by the Department of Employee Trust Funds (ETF). The types of documents received includes, but is not limited to, the following:

- a. Resolutions to join the WRS
- b. Resolutions to join any of the other ETF programs
- c. Agent designation forms
- d. Various forms for program changes or terminations

-------------------------	--	----------------------	--------------------	-----------------

A new RDA is needed as ETF is developing a new benefit administration system that will be replacing multiple legacy systems. Records are now created and stored in a different manner than our legacy systems and business units have different retention needs with the new system.

This RDA applies to the temporary image files stored on the myETF Kofax server. All Images are initially stored on the myETF Kofax server's local network file system upon the completion of the indexing function. These images are uploaded to myETF servers twice daily - so all images (both those assigned to a valid SSN, Plan Type, and Plan Occurrence, and those requiring further research) are stored here waiting for the next export from Kofax to myETF to complete. Each export will take all pending images and load them to the myETF servers' permanent storage location.

All temporary image files need to be retained as records because the files must go through a quality assurance review to ensure the image has uploaded properly. The quality assurance review occurs within three days of the image being uploaded.

Documents and metadata are retained permanently on the myETF server's production system.

Permanent retention justification: These documents contain the full history of member and employer accounts. They are critical for paying benefits to annuitants, beneficiaries, and survivors. They are also critical for payment reconciliation.
