New RDA is the result of a routine records inventory review. No records from this series have previously been discarded.

Administrators of public library systems, county libraries, county library services, and municipal public libraries, except Milwaukee Public Library, must hold a public librarian certification issued by the Dept. of Public Instruction (DPI) as described in Wis. Stat. § 43.09(1) and Wis. Admin. Code PI6.03(2).

These records contain information necessary to validate criteria has been met to receive a Grade 1 public librarian certification from DPI. Criteria include a Master's degree from an American Library Association accredited program and continuing education (CE) requirements. Certifications are valid for 5 years contingent upon fulfilling CE requirements. Temporary certifications are frequently issued throughout a librarian's career to extend the amount of time needed to fulfill CE requirements. (See RDA 00251000 for Temporary license retention/disposition.)

Records include applications containing information about a person's general and library education in the form of transcripts and/or copies of degrees to document educational status. Some of the transcripts contain social security numbers because colleges and universities used the SS# as student ID numbers for many years. 00130000. GOALS 2000 EDUCATE AMERICA ACT CR+15 SHSW N

These boxes contain assorted records and End of Year Reports for the federally funded Goals 2000 Educate America Act. Goals 2000 was signed into law by President Clinton on March 31, 1994. The Act provided direct federal support to state and local school improvement efforts. Goals 2000 was established to: encourage each state to develop challenging academic standards for students; provides incentive for schools, communities, and state educational agencies to support their own effective approach to improve student achievement; represents the first federal education act that helps states and communities build on and coordinate their existing reform efforts rather than creating a new discrete program; provides funds to state and school districts for better teacher training and professional development; encourages parents to get more involved in the education of their children and provides flexibility to waive certain regulation to assist in implementation of school improvements.

These records document Wisconsin school district efforts to implement systemic reform via Goals 2000 funding. The program was not reauthorized at the federal level and thus Wisconsin participation was terminated at the end of June 2001 due to the loss of funding.

00132000. LEARN AND SERVE AMERICA RECORDS CR+7 SHSW N

These files contain information regarding the Learn and Serve America program. Learn and Serve America programs are provided by the Wisconsin Department of Public Instruction (DPI) by a grant from the Corporation for National and Community Service. The purpose of the program is to assist in developing high quality service-learning programs in elementary and secondary schools. Wisconsin schools have embarked on projects that combine community service with classroom learning in a practical way that deepens knowledge and fosters community spirit in young people. Service-learning is an educational method which engages young people in service to their communities as a means of enriching their academic learning, promoting personal growth, and helping to develop the skills needed for productive citizenship. Over the past decade, Wisconsin has gained recognition as a national leader in service learning.

Current Service-Learning Funded Projects include:

- Learn and Serve America Mini-Grant Program. Since 1992, the Wisconsin Department of Public Instruction has received an annual formula grant from the Corporation of National Service to fund service-learning programs. DPI subgrants to the Cooperative Education Service Agencies (CESAs) to manage regional mini-grant programs.
- - Learn and Serve America Digital Divide to Digital Opportunity Grant.

**00131000.** **MILWAUKEE PARENTAL CHOICE PROGRAM RECORDS** **CR+20** **SHSW** **Y**

These files contain information regarding the (MPCP) which was established in 1989 Act 336. Under this program, state funds are provided to pay for the cost of children from low-income families to attend, at no charge, private schools located in the City of Milwaukee. Students meeting certain eligibility criteria began attending private schools under this program during the 1990-1991 school year. Initially, only nonsectarian private schools were allowed to participate under the program. The 1995 Budget Bill expanded the program to include sectarian schools and additional changes were made in the program. These changes were challenged in court and a preliminary injunction prohibiting implementation of these program modifications were issued, despite the fact that the changes took effect for nonsectarian schools during the 1996-97 school year. In June 1998, the Wisconsin Supreme Court found that the program modifications passed constitutional scrutiny and the fully expanded program became effective in 1998-99.

These files contain information pertaining to the Milwaukee Parental Choice Program including general correspondence, student applications, annual financial reports from individual schools, school program applications, correspondence between schools and the DPI, and background on legal decisions related to MPCP.

The DPI recommends that the student-specific records be destroyed as confidential and the program-specific records be transferred to the Wisconsin State Historical Society for preservation.
