LIBRARIES AND TECHNOLOGY

# 00250000. WISCONSIN PUBLIC LIBRARY DIRECTOR CERTIFICATION - GRADE 1 EVT+15 DEST Y

New RDA is the result of a routine records inventory review. No records from this series have previously been discarded.

Administrators of public library systems, county libraries, county library services, and municipal public libraries, except Milwaukee Public Library, must hold a public librarian certification issued by the Dept. of Public Instruction (DPI) as described in Wis. Stat. § 43.09(1) and Wis. Admin. Code Pl6.03(2).

These records contain information necessary to validate criteria has been met to receive a Grade 1 public librarian certification from DPI. Criteria include a Master's degree from an American Library Association accredited program and continuing education (CE) requirements. Certifications are valid for 5 years contingent upon fulfilling CE requirements. Temporary certifications are frequently issued throughout a librarian's career to extend the amount of time needed to fulfill CE requirements. (See RDA 00251000 for Temporary license retention/disposition.)

Records include applications containing information about a person's general and library education in the form of transcripts and/or copies of degrees to document educational status. Some of the transcripts contain social security numbers because colleges and universities used the SS# as student ID numbers for many years. There are also completion reports from college library programs as part of the certification process.

These records contain information necessary to validate criteria has been met to receive a Grade 2, 3 or temporary public librarian certification from DPI. Criteria include completing approved college/university level coursework approved by DPI and fulfilling continuing education (CE) requirements. Certifications vary in the number of years valid as outlined in the Certification Manual for Wisconsin Public Library Directors. Certifications are renewed contingent upon fulfilling CE requirements.

Records include applications containing information about a person's general and library education in the form of transcripts and/or copies of degrees to document educational status. Some of the transcripts contain social security numbers because colleges and universities used the SS# as student ID numbers for many years. There are also completion reports from college library programs as part of the certification process.

### 00254000. PUBLIC LIBRARY SYSTEM REDESIGN PROJECT

This RDA was developed because of the significant impact the project will have statewide with the way library services are provided.

The Public Library System Redesign project (PLSR) is a community-based project to consider how to best provide public library system services in Wisconsin. The goal of PLSR is to develop a plan for implementation of new models of service. The process, led by a DPI-appointed Steering Committee and coordinated by a contracted project manager, includes various workgroups considering new models for services. The outcome of the process will be recommendations for new models of service and how to implement these new models.

Records in this series include agendas, minutes and attached documentation, member listings, project manager reports, workgroups created to work with the project manager, their final reports, and summaries of meetings. The project charter, operating rules, staff or project manager roles and responsibilities, interim reports, work papers and related presentations, final report and related presentations, work plans, compiled survey results,

charts, diagrams, statistics, research materials and other documentation related to the project. In addition, information, notices, agendas, project updates, and other project information.

# 00259000. WISCONSIN PUBLIC LIBRARY SYSTEM PLANS

This new RDA is being developed to cover records that have not previously had their own RDA.

Public library systems develop a plan with input from member libraries and submit the plan to the Dept. of Public Instruction (DPI), Division for Libraries and Technology describing the program and budget for library service to be carried out in the subsequent calendar year as required by Wis. Stats. §§ 43.17(5) and 43.24(3).

The plan includes assurances required under Wis. Stat. § 43.24(2) that the public library system is compliant with all statutory requirements and describes the ongoing, new, and priority activities the public library system will engage in to ensure statutory compliance for the subsequent calendar year. The plan details collaborative activities with libraries, public library systems, and other organizations, and an estimated cost benefit that will be realized by each collaborative activity.

Event is when the plan is approved by DPI.

This new RDA is being developed to cover records that have not previously had their own RDA. ADM00002 Biennial or Annual Report Documentation cannot be used because these annual reports will be transferred to WHS.

Per Wis. Stat. §§ 43.58(6)(a), 43.58(6)(c), and 43.17(5), public libraries and public library system boards are required to file an annual report to the Dept. of Public Instruction (DPI), Division for Libraries and Technology, after the conclusion of the fiscal year of the municipality or county in which the public library is located.

The annual report includes information about the financial standing of the library and data concerning library materials, facilities, personnel, operations and such other information as the division requests. The report also contains a statement by the library board indicating whether the public library system in which the library participated during the year of the report did or did not provide effective leadership and adequately meet the needs of the library and an explanation of why the library board believes so.

Event is the annual report submittal deadline to DPI.

The Wisconsin Historical Society continues to request these records be transferred, therefore, we cannot use ADM00013.

The McKinney-Vento Homeless Education Assistance Act was initiated by Congress in 1987. Subtitle VII-B of The McKinney-Vento Homeless Assistance Act authorizes the federal Education for Homeless Children and Youth (EHCY) Program and is the primary piece of federal legislation related to the education of children. and youth experiencing homelessness. Per 42 US Code §§11431-11435, State EHCY Program Coordinators ensure the implementation of the McKinney-Vento Homeless Assistance Act. Homeless children and unaccompanied homeless youth must have equal access to the same free, appropriate public education, including a public preschool education, and other services as provided to other children and youths to ensure that homeless children and youth have an opportunity to meet the same challenging State academic standards to which all students are held.

Records may include grant applications, notifications of award or denial of grant funds, grant monitoring reports and documentation, narrative and financial reports, supporting documentation, and EHCY compliance monitoring reports of Local Educational Agencies (LEAs), including those not receiving EHCY funds.

#### 00209000. MIGRANT EDUCATION PROGRAM FILES & STUDENT RECORDS

The purposes of the Migrant Education Program under Title I, Part C of the Elementary and Secondary Education Act are as follows : (1) To assist States in supporting high-quality and comprehensive educational programs and services during the school year and, as applicable, during summer or intersession periods that address the unique educational needs of migratory children. (2) To ensure that migratory children who move among the States are not penalized in any manner by disparities among the States in curriculum, graduation requirements, and challenging State academic standards. (3) To ensure that migratory children receive full and appropriate opportunities to meet the same challenging State academic standards that all children are expected to meet. (4) To help migratory children overcome educational disruption, cultural and language barriers, social isolation, various health-related problems, and other factors that inhibit the ability of such children to succeed in school. (5) To help migratory children benefit from State and local systemic reforms.

Records may include, but are not limited to, Certificates of Eligibility (COEs), student enrollment reports, and student academic reports.

Confidential under Wis. Stat. § 118.125 and FERPA (Family Educational Rights and Privacy Act).

DPI needs to maintain student records for ten years because once a student is identified as a migratory child under 20 U.S.C. § 6399(3), a child may be eligible for continuation of services as defined in 20 U.S.C. § 6394(e).

This new RDA is necessary to facilitate the transfer of data records to WHS that are produced in conjunction with the publication of School and District Report Cards.

Wis. Stat. § 115.385 requires the production of accountability reports referred to by DPI as the School and District Report Cards. They report on the performance of schools and districts serving students supported through public funds, whether in traditional public schools, charter schools, or private schools that participate in the Private Choice Program. Metrics reported on include mathematics and English language arts proficiency rates, graduation, dropouts, attendance, and absenteeism. These various facets of school performance are combined to produce an overall report card score and rating.

The records are data accessed through download files that summarize the score information for all schools and districts that received a report card in a given year. Each school or district entry in the download files contains the scores for each of the major topics on the report card (referred to as Priority Areas), the overall score and rating, and demographic and school characteristic information.

This new RDA is necessary to properly dispose of administrative records created in conjunction with the publication of School and District Report Cards.

Wis. Stat. § 115.385 requires the production of accountability reports referred to by DPI as the School and District Report Cards. They report on the performance of schools and districts serving students supported through public funds, whether in traditional public schools, charter schools, or private schools that participate in the Private Choice Program. Metrics reported on include mathematics and English language arts proficiency rates, graduation, dropouts, attendance, and absenteeism. These various facets of school performance are combined to produce an overall report card score and rating.

Records include administrative files that are created and revised each year to produce the School and District Report Cards. These files include specialized programs written within the R and Microsoft Access environments, and files created in an annual correction process to data used in report cards. The report card production process involves iterative refinements to program scripts and incorporation of data corrections submitted by schools and districts. In order to compare the results of various versions in this iterative process, multiple copies of the R and Access program scripts with their outputs are saved. Files from a data correction process offered to schools and districts are also saved and used in the report card production process. These correction files include data files sent by DPI to schools/districts for review, correspondence with school/district administrators in the process of conducting corrections, corrected data files returned by schools/district, and evidence provided by schools/districts to support corrections.

This RDA covers a new program that fully replaced the Student Achievement Guarantee in Education (SAGE) program that ended at the end of the 2017-18 school year.

The Achievement Gap Reduction (AGR) program requires participating schools to create performance objectives designed to reduce the achievement gap between low-income students in that school and students in the same grade and subject statewide. Per Wis. Stat. § 20.255(2), the AGR program allows participating schools to receive state aid on a five year contractual basis to implement one or more of these strategies in every kindergarten through grade three classroom: \*One-to-one tutoring provided by a licensed teacher

Instructional coaching for teachers provided by a licensed teacher

\*Maintaining 18:1 or 30:2 classroom ratios and providing professional development on small group instruction

The AGR program requires school board review of implementation and progress towards achieving performance objectives in each participating school at the end of every semester.

Records in this series may include applications, contracts, AGR entitlement and strategies report, performance objectives and school board reports. Event is when the 5 year contract for funding has ended.

# 00127000.ANNUAL SCHOOL DISTRICT FINANCIAL REPORTSCR+5SHSWN

This RDA consolidates 075, 120, 127a and 127b into one RDA.

School districts are required under Wis. Stat. Ch. 121, to file financial, annual, and budget reports to the WI Dept. of Public Instruction. These reports contain information about: enrollment, membership, attendance, buildings, type of school organization, analysis of teaching staff, instructors in particular fields, non-instructional staff, salaries of teachers and non-teaching staff, school tax levies, expenditures for new buildings and additions, outstanding long-term indebtedness, computation of state aids for transportation, board and lodging, driver education, special education services, financial and audit statements and related information, and summer school programs.

The reporting done by school districts is used in the calculation and payment of equalization and categorical aids including the following reports: equalization aids, special education aids, transportation aids, common school fund (library aids), drivers' education and state tuition claims. School district annual financial audit reports, including single audit if required, include the following reports: CESA annual financial audit reports, CCDEB annual financial audit reports, membership audit reports, and library audit reports.

# 00127C00. SUPPORTING INFORMATION FOR THE CALCULATION AND PAYMENT OF GE CR+5 DEST Y

This RDA describes documents that provide supporting information used to calculate the payment of equalization and categorical aids. Supporting information may include: correspondence, reports that include student information used in its redacted format to produce final reports described in RDA 127, and other additional clarifying information submitted to DPI by school districts in compliance with Wis stat. Ch. 121

This RDA includes: budget and annual report signature pages and audit statements, state aids edit reports, and manual adjustments made to the payees for the aids payments. Also included are tax levy certifications, annual addendum reports, SPED adjustments and related correspondence, summary listings of financial report reviews and single audit monitoring documents, membership audit review documents, group and foster care students reports, common school fund census tables, audit variance reports and related material, impact aid supporting materials, membership reports and manual count adjustments, revenue limit reports, transfer of service reports, summer school and other equalization supporting materials and charter school reports (2R reports).

Some records are pupil records, or they may contain PII and student data. Therefore, the records must be kept confidential by the department as required under the Family Educational Rights and Privacy Act regulations, 7 C.F.R. § 99.

# 00131000. PRIVATE SCHOOL CHOICE PROGRAM ADMINISTRATIVE RECORDS FIS+7 DEST Y

The records in this series are administrative records for the Private School Choice Programs including the Milwaukee Parental Choice Program (MPCP), Wis. Stat. § 119.23, the Racine Parental Choice Program (RPCP) and the Wisconsin Parental Choice Program or statewide program (WPCP), Wis. Stat. § 118.60, and the Special Needs Scholarship Program (SNSP), Wis. Stat. § 115.7915. Schools participating in the program receive a state aid payment for each eligible student on behalf of the student's parent or guardian to attend private schools in Wisconsin.

Records in this series include applications, transfer requests, payment records by student name, summer school participant and course lists, disclosure of information forms, hours of instructions reports including necessary revisions, school accreditation letters, enrollment audits, surety bonds, certificates of occupancy, school information update forms, designee and intent to participate forms, general program correspondence, and other administrative documents.

Confidential under Wis. Stat. § 118.125, Wis. Adm. Code PI 35.20(4), PI 48.20(4), and PI 49.14(3), and FERPA (Family Educational Rights and Privacy Act).

This record series contains the Decision and Order issued by the Department of Public Instruction (DPI) in open enrollment appeals. These records are filed by appeal and case number. These orders will serve as research documents for attorneys representing their clients in appeals and as precedents for the DPI in issuing orders in future appeals. These orders drive policy decisions and influence daily work at the DPI.

The records in this series constitute "pupil records" under Wis. Stat. § 118.125 and must, therefore, be kept confidential by the DPI as required under Wis. Stat. § 118.125 (2)(g) and FERPA (Federal Educational Rights and Privacy Act).

All of the records in this series constitute "pupil records" under Wis. Stats. 118.125, and must, therefore, be kept confidential by the Department as required by Wis. Stats. 118.125(2)(g).

Section 118.51(3) Wis. Stats., requires the parent of a pupil who wishes to attend a nonresident school district under open enrollment to submit an application form to the nonresident school district on a form provided by the Department. Since the 2008-09 school year, paper applications have not been sent to the Department. Instead, parents apply on the Department's website or submit a paper application to the non-resident school district, that then enters the application data into the Department's online application database. The Department does not receive paper applications. Information in this database along with the tracking of applications and transfers allows the Department to generate the annual report to the Governor and Legislature required under Wis. Stats. 118.51(15)(C) and to transfer state aid from the resident school district for each open enrollment pupil as required under Wis. Stats. 118.51(15)(c) and to transfer state aid from the resident to respond to questions from the legislature, media, and public. Only statistical information is provided. No personally identifiable information is released.

Retention justification: An open enrolled pupil can potentially be enrolled for 17 years (early childhood to 21). Records should be retained for an additional 8 years, for a retention total of 25 years, for the historical data needed to generate reports to the governor and legislature.

Per Wis. Stat. § 115.28(23), the Wisconsin Department of Public Instruction (DPI) administers the Gaining Early Awareness and Readiness for Undergraduate Program (GEAR UP) with federal funds provided through the Higher Education Act of 1965 to prepare youth and adults to pursue higher educational opportunities by providing college and career readiness programs, resources, scholarships, and support.

Financial assistance to students and colleges is awarded annually through an application process. All scholarship funds not utilized within the fiscal year are rolled into a trust fund. Students are eligible to apply for scholarship funds between grades 6-12 and can receive funds up to ten (10) semesters for program participants and four (4) semesters for outreach participants. Eligible students can receive

scholarships up to the maximum number of semesters indicated or until trust funds are exhausted, whichever comes first.

Records include, but are not limited to: student enrollment applications, teacher, counselor and/or coach recommendations, scholarship applications, documentation to support program services completed such as sign-in sheets and record of attendance, communication with students and families pertaining to programming, and scholarship payment information.

Records are confidential under Wis. Stat. § 118.125 and FERPA (Family Educational Rights and Privacy Act).

# 00027000. TEACHER EDUCATION PROGRAM REVIEW

Per Wis. Stat. § 118.19 and Wis. Ad min. Code Ch. Pl 34, the Department of Public Instruction's (DPI) Licensing, Educator Advancement and Development Team is responsible for establishing rules and regulations governing teacher education and certification for approved programs in Wisconsin. Those programs may be offered at public, private, and non-profit entities. Reviews of programs for certification of school personnel at each preparation program are conducted annually and comprehensive reviews at least every fifth year. The DPI is also required to complete reviews at other times new programs are submitted, when changes are made to existing approved courses, or when there are concerns with program compliance or performance.

An EVT + 25 year retention is required to ensure DPI consultants have access to documentation needed to complete reviews for licensure conducted years after graduation by the completer. Records are needed to determine how programs were approved at the time to ensure the appropriate license is conferred.

Records include, but are not limited to, program applications, program review documentation, program recommendations, complaint forms, and program related correspondence.

These records pertain to the State Superintendent of Public Instruction's authority under Wis. Stat. § 115.31, Wis. Stat. § 118.19 and Wis. Admin. Code Ch. Pl 34 to issue Wisconsin educator licenses. Actions taken by DPI include authorization of new and/or renewed licensure requests as well as investigations to determine license revocations or denials for immoral conduct, conviction for certain criminal offenses or incompetency.

New applications and/or renewed licensure requests include documents, attestations, correspondence and other evidence that license requirements are met. Examples include academic transcripts, employment history, performance evaluations, grade reports, test scores and institutional endorsements. Additionally, the application materials may also include documentation and information related to an individual's background check, including but not limited to police reports, psychological reports, disciplinary findings, other investigative reports and findings, court records, medical records, and criminal history information.

During the investigative and determinative processes in response to alleged immoral conduct, conviction for a certain criminal offense or incompetency by a license holder and/or an applicant for licensure, materials collected that assist the State Superintendent (or designee) in making a decision regarding revocation and/or denial of a credential may include, but are not limited to investigative reports, court records, photographs, correspondence, hearing transcripts, other documentary evidence, witness and victim statements, federally protected information (e.g. medical and educational records), and electronic media (e.g. flash drives, CDs, DVDs) containing various documents, photographs, videos, etc. Also included as appropriate are the State Superintendent's (or designee's) decision, findings of fact, case settlement/stipulation documents, and revocation order.

Records contain PII and are also protected under HIPAA and FERPA and other state and federal laws requiring them to be confidential.
