COUNTIES AND OTHER LOCAL UNITS OF GOVERNMENT

Wisconsin Stat. § 16.61(3)(e) allows, but does not require, the Board to establish a minimum retention period for any record of a local unit of government. To do so, the document submitted by the local government for Board review must be sufficiently clear for the Board to understand the nature of the document and the requested retention period. However, any Board approval is limited to the retention period and does not cover any other aspect of the documents submitted, such as any accompanying local ordinance.
